# 2016 ANNUAL REPORT

---

---

**Mission:** To enhance math education and financial literacy through the talents and resources of actuaries.

**Vision:** An educated public in pursuit of a secure financial future.

# A MESSAGE FROM THE CHAIR

Dear Friends of the Foundation:

As you read this 2016 annual report, The Actuarial Foundation is changing lives with math education and financial literacy in communities across the United States – creating possibilities, bright futures and new opportunities. The empowering and innovative support that the Foundation gives to students, teachers and the general public is only possible because of the unwavering commitment of generous individual and corporate donors, devoted volunteers and a dedicated staff.

Douglas A. French

Change, an exciting and important part of our growth and extending our reach, was evident throughout the Foundation in 2016. Here are a few of the highlights:

- We worked tirelessly on our rebranding effort which brought a new logo and new messaging to the Foundation. With this new look, the Foundation reaffirmed its promise to creating ground-breaking programs and initiatives.
- We launched a think tank comprised of experts to help us determine where and how the Foundation could have the most impact. The ideas of distributing “financial literacy in a box” and partnering actuarial student tutors with high school students studying for the SAT are both in the pilot stage as a result of the think tank.
- We expanded our partnership with Scholastic and will continue to deliver on the Foundation’s mission to inspire a new generation of math-skilled thinkers by providing comprehensive, hands-on, real-world resources to middle school students and teachers.
- We made great strides in successfully taking our high school actuarial competition, Modeling the Future, national.
- A new fundraising effort secured individual, organization changing, major donations to the Foundation.

As we reflect on 2016 and beyond, we are motivated by our achievements and committed to extending our reach and changing more lives with math education and financial literacy. My sincere appreciation to each donor, program sponsor, staff member, colleague and volunteer for contributing to the success of The Actuarial Foundation.

Sincerely,

Douglas A. French, FSA, FCA, FIAA, MAAA  
2016 Chair

## Thank You, Volunteers!

The Foundation sends its highest appreciation to each and every person who gave of their time to support our mission and programs.

# 2016 BOARD OF TRUSTEES

## 2016 BOARD OF TRUSTEES

### Chair

**Douglas A. French, FSA, FCA, FIAA, MAAA**

# WHAT YOU MADE POSSIBLE...

The Loyalty Society was established to recognize the commitment of consistent donors to the Foundation.

The latest edition in the *Expect the Unexpected with Math*® series, *Exploring Expressions and Equations*, was released to over 400,000 middle school math teachers.

Project Math Minds Pilot in Seattle, WA

*"Solving the Project gave me an idea of how math can solve some comprehensive problems instead of just getting the right answers. The event at Liberty Mutual was meaningful because we got the chance to talk to actuaries and learn more about the career."*

—Shiyao Iris Li, 2016 Project Math Minds Scholarship Recipient

**Mission:** To enhance math education and financial literacy through the talents and resources of actuaries.

**Vision:** An educated public in pursuit of a secure financial future.

Actuary volunteers shared their love of math with students.

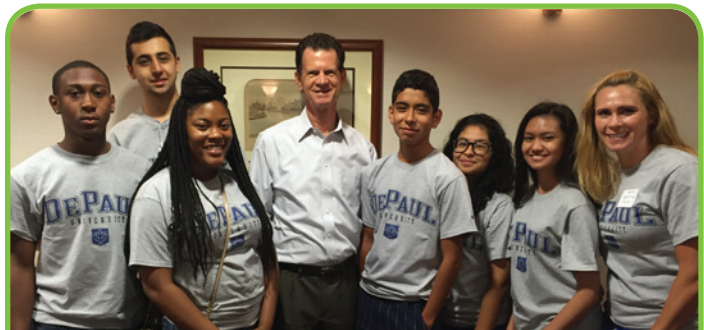

Juanita Fatola, 2016 Actuarial Diversity Scholarship Recipient

Caroline Schulman, 2016 Mauro Reimbursement Recipient

63 aspiring young people were awarded with a Foundation scholarship, encouraging them on their path to becoming an actuary.

7 career changers made the transition to the actuarial field with the help of the *Actuary - A Career Change: The Elizabeth M. Mauro Reimbursement Program*

Mike McLaughlin, FSA, FIA, MAAA, CERA with DePaul students

The Foundation supported the 2016 DePaul University Actuarial Summer Academy.

## Supporting U.S. Actuarial Organizations

Since 2004, The Actuarial Foundation has received support from the U.S. actuarial organizations. Their trust and encouragement are key elements in the Foundation's growth and continued success as the U.S. philanthropic organization of the actuarial profession.
